The Basics

1. Create an account and customize your profile!
2. Select camera icon
3. Place your phone camera over a verified product advertisement
4. Watch the AR animation play over the advertisement!
5. You can save and store the AR animation or you can share for the rest of the world to see!

Contact Information

Email: info@ezar.com

App Description

EZ-AR is an Augmented Reality app designed to help businesses market their products in an innovative way. Whenever you see an advertisement, simply hover your phone over it and a video of that advertisement will play on top of it, giving users more information about that product or company. Is that easy!
